

CONNECTING THE WORLD TO A HIGHER STANDARD

Comprehensive Low Voltage Infrastructure Solutions

- LightHouse™ Advanced Fiber Cabling Systems for 1, 10, 40 and 100 Gigabit
- LightStack™ Ultra High Density plug-and-play fiber system with innovative LC BladePatch®
- TERA® Category 7A/Class FA highest performing, most secure copper system with cable sharing capabilities
- Z-MAX® Category 6A shielded and UTP systems
- VersaPOD®, V800™ and V600™ data center cabinets
- V-Built™ pre-configured data center cabinet kits
- Data Center intelligent power distribution units
- Comprehensive category 5e and 6 copper solutions
- ConvergeIT IP-based intelligent building cabling systems
- Pre-terminated cable assemblies and high speed interconnects
- Racks, cable management, work area and zone solutions
- Ruggedized cabling and connectivity for harsh environments
- EagleEye™ Connect Automated Infrastructure Management software with MapIT® G2 hardware

A Higher Standard of Global Support and Service

- Global network of Siemon Certified Installers (CIs) offering a 20-year manufacturer warranty
- Project Assistance and Global Project Services (GPS) for national and global multi-site installations
- Data Center Design Services to optimize efficiency via 2D/3D layouts, thermal analysis and space planning
- Expert guidance and site audits on standards compliance, pathway planning, topologies and architectures

Established in 1903, Siemon is an industry leader in the manufacturing and innovation of high-quality, high performance low voltage infrastructure solutions for Data Centers, LANs and Intelligent Buildings.

Headquartered in Connecticut, USA, Siemon offers one of the most comprehensive suites of fiber and copper cabling systems, cabinets, racks, cable management, power solutions and next generation automated infrastructure management. The combination of Siemon's high-performance products, value-add solutions and long-standing commitment to its customers and the industry have earned the company an impressive customer list that spans multiple markets, including over one-third of Global 500 companies.

With global sales, technical and logistics expertise spanning 100 countries, Siemon has a well-earned reputation for industry leadership, innovation, world-class quality, expert service and support, and environmental stewardship.

- ▶ Leading participation in industry standards and dedication to understanding and supporting the unique needs of the market
- ▶ Significant investment in R&D with more than 400 patents specific to structured cabling
- ▶ ISO 9001 and ISO 14001 certified manufacturing facilities with a culture of continuous improvement
- ▶ Vertically integrated manufacturing and automation, from raw materials to finished goods
- ▶ Global certified installers, distribution partners and technical support experts
- ▶ Greenest cabling manufacturer—global 179% carbon negativity and zero-landfill
