

For Immediate Release

## Siemon Interconnect Solutions Recognized on CRN's Data Center 100 List

Watertown, CT February 27, 2018 - Siemon Interconnect Solutions, a business unit of The Siemon Company, that provides custom network infrastructure solutions to OEMs, value-added resellers and system integrators announced today that CRN(R), a brand of The Channel Company, has named Siemon Interconnect Solutions, to its 2018 Data Center 100 list. This annual list recognizes technology suppliers that excel at powering, supporting and protecting the complex and demanding data centers on which today's businesses rely.

CRN editors select companies for the Data Center 100 list on the basis of multiple criteria, including each company's overall impact on the market, its influence on the channel as a whole, and the types of technology and services it makes available to its partners.

In addition to recognizing technology suppliers for outstanding products and services, the Data Center 100 serves as a valuable guide for solution providers looking for best-in-class vendors providing data center infrastructure, data center management tools, software-defined data center technology and data center services. Siemon Interconnect Solutions (SIS) is a proven supplier in rapid deployed system builds offering: quality, service, innovation and value as well as in-stock availability of most common products needed for today's mega scale data centers. As an industry leader, SIS also supports OCP: End Users, OEM's, VAR's and SI's of all sizes with the most comprehensive offering of data center infrastructure products available.

"CRN's Data Center 100 vendors are aptly recognized for their best-in-class technologies and services, which enable solution providers to drive greater innovation, efficiency and profit in the data center," said Bob Skelley, CEO, The Channel Company. "The 2018 list identifies the current top vendors in this vital market, helping solution providers find proven data center experts who can deliver the depth and breadth of materials, services and expert guidance required to meet their customers' needs."

"We are proud to be a part of the CRN Data Center 100," says Robert Lockwood, SIS Sales and Marketing Manager. "As a global OEM manufacturer, Siemon Interconnect Solutions supplies the most comprehensive offering of high speed interconnects, network cabling, power solutions and preconfigured server cabinets that are completely customizable to suit any data center need."

The Data Center 100 list will be featured in the February 2018 issue of CRN and online at [www.crn.com/datacenter100](http://www.crn.com/datacenter100).
