

SIEMON

Connecting the World to a Higher Standard

The Siemon CONNECT Portal is your one-stop resource for real-time access to Siemon tools, information, and updates designed to streamline your business operations. This secure platform offers exclusive resources tailored to your needs, unavailable on our public website. With 24/7 access to features like Order Status and Shipment Tracking, you can stay informed even after business hours. Say goodbye to outdated emails and file sharing – CONNECT ensures you're always working with the latest Siemon materials.

Key features include:

- ✓ **Order Status:** View order progress and track shipments in real time.
- ✓ **Resource Library:** Access updated product information, presentations, and tools.
- ✓ **Training:** Explore in-depth training on Siemon solutions.
- ✓ **News Feed:** Get tailored updates on Siemon news.
- ✓ **Event Calendar:** Stay informed on launches and events.
- ✓ **Local Languages:** Available in eight languages.
- ✓ **Dashboard:** Quick view of latest news, events, training links & status.
- ✓ **Notifications:** Receive alerts for new docs, events, & program/policy updates.

Order Status & Shipment Tracking Made Easy

Take full control of your orders with our enhanced, intuitive Order Status tool. Gain instant visibility into your order's progress — from placement to final delivery — so you're always in the know.

Flexible Search Options:

Quickly find your orders using multiple search filters.

Detailed Order Line Insights:

Monitor the status of individual order lines with ease.

Shipment Visibility:

See which items have been grouped into single shipments for optimized delivery.

Real-Time Shipment Tracking:

Access key shipment information, including carrier names, tracking numbers, shipping terms, location updates, and estimated delivery dates.

Email Notifications:

Opt-in for email updates on all your orders or select specific orders to stay informed.

Open Order Reporting:

Download a full open order report for streamlined record-keeping and planning.
